The New Zealand Polocrosse World Cup Team is heading to Warwick Australia to take on the rest of the world in the 2019 Polocrosse World Cup.

The New Zealand team will face the best of the best battling it out against Australia, USA, South Africa, Zambia, Zimbabwe, the United Kingdom and Ireland.

Polocrosse is an amateur sport with all our representative players having jobs and families. As with all sports, Polocrosse takes a huge amount of dedication from its players and they rely on the backing of supporters to live their sporting dreams.

All of the players have committed to perfecting their craft, dedicating long hours and sacrificing time with family and friends to represent New Zealand at the highest level.

We appreciate your consideration in supporting our team, and look forward to working with you to help bring the Cup to New Zealand for the first time ever!

FROM THE PRESIDENT:

New Zealand has over 350 registered polocrosse members that come from every walk of life. Some of our clubs have three generations of players still actively involved in all facets of the sport. This cannot be said for many sports in New Zealand.

Polocrosse is a sport that combines the strategy of Netball, the ball skills of Lacrosse and the toughness of Rugby all rolled into one. This is a sport that is fast paced and there is action at every turn. These players are not only skilled horseman but display high levels of professionalism and sportsmanship and will be great ambassadors for our sponsors and our sport alike.

We are seeking to raise funds that will help go towards sending our Senior New Zealand representative team to the much-anticipated Polocrosse World Cup in Warwick, Queensland, Australia in April 2019. This is where we are sending our very best 8 most talented Polocrosse players to revel in the opportunity to take on the World's best.

From the monies raised we will be able help support our players and the management team to pay for flights, accommodation and associated traveling costs for this upcoming tour. As you can imagine these types of tours do not come cheap and are more than often than not self-funded, but with the help and generosity of our sponsors we would like to reduce their financial burden and let them do what they do best.... play polocrosse.

By investing in our sport, you will give these players the very best opportunity to maximize their playing ability and performance on the international stage which will increase our chance of bringing home the world cup.

Polocrosse is certainly a great spectator sport and there will be a large contingent of supporters that will be travelling to be a part of this experience and witness first-hand the excitement of our beloved game as some of World's most talented players battle it out under their countries banners.

We thank you in anticipation for your generosity in kindly being a sponsor for our upcoming World Cup team and we will do our utmost to help promote your company.

Neil Smith
NZ Polocrosse President.
